Hair/Skin/Nails Formula
(Head to Toe)

DATE: DEC 18 1997
Responsible for the text:

Egan Badart

FRONT LABEL: promotes the strength and maintains the growth of the connective tissues, skin and skin appendages: hair and nails*

BACK LABEL: Gelatin, a derivative of collagen, and cartilage are natural components of connective tissues and skin appendages in the body.¹ The two amino acids, L-methionine and L-cystine, supply sulfur essential to growth of hair³; horsetail supplies silicon²; vitamin A and zinc are important for the growth of nails.⁴*
